SUMMARY

Interactive and persistent person. Wrote my first piece of code about 7 years ago. I currently have 7 years of professional hands-on experience using JavaScript and various frameworks and libraries to make magic and make people's lives better.

TECH STACK SKILLS

FRONT-END SKILLS	BACK-END SKILLS	Others	DATABASE / Methodologies	Design
JavaScript, Next.js, ES6, React, Vue, GraphQL, HTML, CSS, Webpack, Flutter, Jest, Cypress, React Testing Library.	NodeJS, Express, MySQL, PostgreSQL, MongoDB, C#, Java, Python, Django.	AWS, CI/CD, Docker, Git, Jenkins, Kubernetes, TravisCI, Dart, TDD/BDD.	SQL (PostgreSQL, MySQL, Mongo DB MS SQL Server),	Figma, UI Design, AdobeXd.
EXPERIENCE				

APTECH

- Performs instructor sessions for over 200 students in Web
- development focused upon MongoDB, Express, React, Node, Java, C#.
- Maintains and processes assessments/coding challenges.

UTI TECHNOLOGY [Zenith Bank HQ] | *Software developer contract*

- Modification of web Application. (Cooperate internet bank) (ASP)
- Integration of new architectural flow web application with API consumptions. (ASP Razor)
- Web application with (C#, MVC, Entity Framework).

Meta Data Technologies Limited | *Full-Stack Web Application Developer [Remote]*

- Develop 3 full-stack web applications to analyze and process data for different clients
- Ensure applications security and ability to interact with multiple APIs and databases
- Design and create a knowledge management platform on a knowledge graph, utilizing a range of technologies, including Node.js, React, and mongoDB.
- Develop and implement a standalone data extraction “agent” and main-application features for a financial product

Freelancer | *Flutter Mobile Developer [Remote]*

- Used Flutter Bloc design pattern to handle all the interactions between UI and business logic
- Used RESTful API services and Appsync for retrieving, updating, and deleting data usually in JSON or XML format.
- Implemented Flutter platform channels to call platform-specific code and whether available on Android or IOS

Forte Soft Systems Limited [NIIT EDUCATION] | *Senior Faculty Head*

- Provided robust, comprehensive lesson plans for two different classes simultaneously while providing regular, additional support to students when requested.
 - Taught over 100 students concurrently while providing a high degree of education customization when required.

EDUCATION

National Institute of Information Technology <i>Honors Software Engineering (Java Technology)</i>	2015 Lagos
ESM-BENIN UNIVERSITY COTONOU BSC Computer Science	2018 Benin.
Microsoft Database Fundamental Certificate Microsoft Technology Associate (MTA)	2020 Lagos
Udacity Online Program Cloud Developer Nanodegree	2022 Lagos
